—Word Teasers—

The word "teaser" contains only seven letters, but from these seven letters a surprising number of words may be formed. In the drawing are listed half a dozen similar words that are found in word "teasers." A. G. and seat, rate and tree are but a few of the possible words.

Allow yourself four or five minutes for this "teaser." In that time see how many words you can form similar to those given above. Plural words such as "seats" and proper names such as "tears" are not allowed.

You can use this "teaser" as a competition, with three or four people trying to form the greatest number of words within a set time limit. Look for tomorrow's "teaser." It will "rate" you according to the number of words you formed, and will give a list of some forty possible words.

THOUGHT HIS HEART WAS TO BLAME

But It Proved To be His Stomach: Another Former Sufferer From Chronic Indigestion Says

"Thanks To Dr. Williams' Pink Pills I Am Now In Perfect Health. Lots of people worry themselves with the thought that they have heart trouble when all that is causing their palpitations and pain is pressure of gas in the stomach. The reason for the presence of the gas, or wind, is weak digestion, and as soon as the digestion has been strengthened and restored to normal activity gas no longer forms, pressure is taken off the heart and the sufferer becomes well."

Many men and women who suffered great pain and discomfort have permanently got rid of indigestion by taking Dr. Williams' Pink Pills. Those cured people are to be found in all parts of the world. For example take the case of Mr. Harry Potter, who lives at 12 Crawford Terrace, Wellington, New Zealand.

"I suffered from indigestion for years," says Mr. Potter, "and got so bad that I dreaded eating anything. My sleep became broken; I always had a nasty taste in my mouth and my breath became very offensive. I was low-spirited and thin, lost strength and had no colour in my cheeks. Often when out walking the pain caught me and would double me up. I used to imagine my heart was affected as it would palpitate at the slightest exertion."

"I tried many medicines, but only got temporary relief until a friend, noticing how ill I was, persuaded me to try Dr. Williams' Pink Pills. After a few doses of those I began to improve. I felt brighter and began to eat well. Now thanks to Dr. Williams' Pink Pills I am in perfect health." Chemists everywhere sell Dr. Williams' Pink Pills for Pale People, the world-renowned Blood and Nerve Tonic, also post free, \$1.50 per bottle, \$3 for 6 bottles, from the Dr. Williams' Medicine Co., 60 Klunge Road, Shanghai.

TWO-MINUTE TALKS A Daily Tonic By ROBERT POWER

MELLOW WISDOM.

We have a pleasant old autocrat in our village. Everybody loves him, and listens to him. He is the "Sir Oracle" of our little community. He rules us with the authority which comes from the weight of years.

He is the Oldest Inhabitant. All his life he has lived in the cottage where he was born beneath the shadow of the ancient church, and overspread by a tall elm tree. What an epitome of human experience is comprised in his span of ninety years! Childhood, when he ran and played upon the village green. Youth, when he learned to labour at the farm. Manhood and marriage he will tell how he reared his family of nine on twelve shillings a week. Then declining years, when the children left the nest and went out into the great world, leaving the old people behind. Until at last the mother was laid to rest in the churchyard and he remains, supported by the kindness of his children.

Now sometimes he sits in the sun in his little garden and muses on the years which have run away so swiftly. He tells me that of all the companions of his childhood not one remains. He is alone, and yet not truly alone, for the memories of the past are with him and all the teeming life of the present. Is there anything doing in the village—a marriage; a burial; a parish meeting; a fierce dispute as to whether a lamp should be put in Laver's Lane—and our Oldest Inhabitant will give his judgment.

If it is a question of just custom, he recreates the village history and shows how things

were done "nigh more than fifty years ago." His world is our village, and he thinks it more important than all of those "outlandish places" he sometimes spouts out from the weekly newspaper. He knows each family; their history and standing; he is ready to pass judgment upon the Vicar's sermon, and will often say, "Aye, but you should have heard Mr. —, who was parson sixty years ago. He could preach, he could!" Then plays strange tricks with memory and each passing year "Sir Oracle" lives more in the enjoyment of the dear dead days.

The children know him and he knows them. They flock around him to show the latest treasure. For his special favourites he has a rosy apple or some other gift. The youths like to hear him talk, although too often they turn aside and say the old man "grows more daft." The middle-aged respect his wisdom of weather lore, garden craft, and knowledge of the fields and cattle. But the old people, not so much his junior, love to sit awhile and chat over "other times." Then indeed our Oldest Inhabitant is in his element, the village Solomon, enjoying the undisputed right to lay down the law as The Oldest Inhabitant.

His wants are few, his days peaceful, his reign undisputed. He has ripened like a shock of corn ready for the harvesting. His head is snow white with the years he bears, and his frame is bent and withered. Yet perhaps many a man loaded with the gifts of fortune, but gnawed with restless cares, would envy the quietude of the declining days of The Oldest Inhabitant.

CHINESE CHAMBER OF COMMERCE.

THE LOONG SANG WRECK.

The removal of the wreck of the Loong Sang to another place, so that the demolition can be accomplished without endangering buildings on the waterfront, was discussed at the monthly meeting of the Chinese Chamber of Commerce yesterday afternoon. Mr. Li Pak-wai, Chairman, presided.

Mr. Li Pak-wai stated that the Chamber had made representations to the Government on several occasions in connection with the blasting of the wreck of the Loong Sang. Only recently the Chamber wrote to the Harbour Master with a view to ascertaining how much longer the demolition work would take. The reply from the Harbour Master was to the effect that, subject to no intervention of adverse circumstances, the removal could be accomplished within six weeks' time. In the meantime several public-spirited gentlemen had started to collect subscriptions to provide compensation to the contractors undertaking the demolition, so that they could shift the wreck to another place where they could continue the blasting operations without prejudicing public interests. A sufficient amount would be raised before long.

Mr. Simon Tse-Yan said the removal of the wreck should be undertaken by the Government and not by the contractors at the expense of the public. There was no reason why the tenants and merchants should be asked to help in a matter which should be attended to by the authorities.

Mr. Ho Kwong expressed disapproval of further action by the Chamber, and also the payment of several thousand dollars to the contractors in view of the fact that only six weeks more were required for the completion of the work.

Mr. Chua Yue-ting supported the proposal of Mr. Tse-Yan. There was no question that the blasting operations were a menace to buildings on the foreshore, as his house at Soyum Road very often experienced a mild "shake-up". If the work was prolonged for six more weeks the safety of some buildings would be jeopardised.

Mr. Lo Choung-shu also spoke in favour of writing to the Government. He could testify to the severity of the vibrations felt at some houses. On one occasion the rocking of a house in which he was caused him to pick up his hat preparatory to making a hurried exit into the street.

On the proposal of Mr. Simon Tse-Yan, seconded by Mr. Chua Yue-ting, it was decided to write to the Government requesting them to have the wreck removed.

Mr. Ho Kwong was the only dissentient to the motion. He considered further action unnecessary as the rainy season was almost over and the strength of the dynamite charges used had been reduced.

Chinese Emigration.

The Chairman referred to correspondence between the Chamber and the Peruvian Consulate regarding the passport formalities. The letters showed that the correspondence was stated on the representations of about 200 Chinese merchants returned from Peru, who alleged that though they possessed passport papers issued by the Peruvian Government, they had failed to have them viced locally.

In his reply to the Chamber, the local Peruvian Consul advised that Chinese emigration is under the direct instructions of any Government until a new Treaty is signed between China and Peru, but in the meantime he has received telegraphic instruction to sign a limited number of passports to persons who are guaranteed by reputable Chinese firms in Lima and who must be able to speak Spanish as a point that they have been resident at Peru.

Chinese Merchants' Bank.

Appropos of the closing of the Chinese Merchants' Bank two telegrams from Shanghai and Saigon were referred to at the meeting. The telegram from Shanghai asked for information as to what steps had been taken at Hongkong to straighten the affairs of the Bank and also particulars about the directors of the Bank, its capital, etc. The losses on possible losses sustained by the "labourers," orphans and widows, were stated to be particularly severe. The telegram from Saigon suggested that the more substantial depositors help in rebuilding the Bank by becoming shareholders.

Wine Merchants' Trouble.

A letter from the Chinese Wine Merchants' Association announced that the Government had definitely introduced red labels to be placed on jars of wine that had been "broken down." The letter complained that the new labels were unnecessary and further they caused inconvenience to the merchants. It asked the Chamber to help in securing their abolition.

The Chairman said representations had been previously made to the Government on the matter, but they appeared to have had no effect. He thought further steps would serve no useful purpose, as the Government had apparently made a definite decision.

The matter was referred to the Tung Wah Hospital, it being stated that the Chamber would associate itself with the Hospital in any relief efforts made.

Another matter dealt with formally by the Chairman was a letter from the Sze Yip district, stating that a special convey system was inaugurated on the 2nd July

STOPPING THE TALK.

Now that a general advisory body, appointed by the Imperial Government, is to enquire into questions of social hygiene in general and the *missions* *to* *be* *in* *British* *colonies* *in* *the* *East* *in* *particular*, we are hoping that the mud-rakers at Home will for a time give the subject of Hongkong's social evil a rest. The Committee chosen to make these investigations—appears to have been well selected. It will comprise two Members of Parliament, one of whom is Lady Astor (who has taken a keen interest in this question, especially from the standpoint of protecting the men of the Navy), two representatives of the Council for Combating Venereal Diseases, as well as other members representing the Army, Navy, Ministry of Health and Colonial Office.

We are particularly pleased to see that there are no confirmed "cranks" on this Committee. If this big problem is to be solved as it should be, we do not want to see it tackled from the standpoint of those who put sentimental considerations before all else. The question at issue is not one of morality so much as it is one of preventing the spread of disease. That must be the main objective, and in dealing with the matter account must be taken of human frailty. Short, ruthless prohibition will be found an utter impossibility, much as the moralists would wish it otherwise. In this problem, as in so many others, the best way is to control rather than to attempt to abolish the evil. That is the policy which is followed here, and in the Straits Settlements as well, and it is one which is generally supported by medical opinion and by those who have made an earnest study of the whole question.

From the constitution of the Committee, we should imagine that there will be little, if any, interference with the system as worked in this Colony. Be that as it may, we are glad that the whole matter is being removed from the sphere of calumny into a realm in which it will receive sane and serious consideration by practical people. Hongkong has nothing to fear from the deliberations of the Committee, which, we are hop-

ing, will have the effect of putting a stop to a lot of nonsensical and distorted talk on the subject by folk who have not the least qualification for engaging in a controversy of this character.

The World Fliers.

Although the British and American world flights are not regarded as a race to decide who shall have the honour of first circling the globe, the fact that both parties are now again well under way has revived the speculation as to who will claim that particular distinction. Since the beginning of the month, both the British and the American fliers have covered about the same distance. The former have got so far as Tokyo, or 2,600 miles since leaving Hongkong; whilst the latter have "hopped" from Calcutta to Bagdad, just over 3,000 miles. Roughly speaking, the British aviators have another 12,000 miles to fly, compared with the American's 8,500. It will thus be seen that the odds are much in favour of the latter getting home first, which is not surprising when we consider that MacLaren started eight days later than the American contingent and had a long hold-up at Akyab after his crash there. However, weather is a big factor in flights of this kind, and anything may yet happen. MacLaren, when he was here, considered that he had "a sporting chance" of completing the circle before the United States fliers. He still has, though if we were wagering we should feel safer with our odds on the Americans.

The New Turkey.

In its attitude over the Mosul question, the new Turkish Government not only discloses itself as opposed to the British contentions in that connection, but also adopts an attitude of hauteur that must be galling to those who were the victors in a protracted war and now see all the advantages they gained being whittled away little by little, through the failure of modern diplomacy to circumvent the machinations of a wily foe, or overcome the dissensions amongst former allies engendered by mutual suspicions and jealousies. The fruits of the heroic efforts by thousands of men from the Mothercountry and the Colonies are being lost to the people who prolonged the agony of that conflict by joining the side which promised so much in the event of victory. What we now see is the gambler who backed the wrong horse, compelling the "total" to return him his stakes. It is indefensible that Turkey should be compelled to give up her own territory to any nation posing as a conqueror, but at the same time it is against the best principles of justice that political considerations should so tie the hands of the British Government that it has to abandon to the Turk the areas where he is a usurper, and where the only progress has come from Britain's efforts. Intrigue is having its day, and the footing of years of striving is being lost, and the prestige of the west is dwindling. In Egypt, in the Sudan, in Mosul, and later in other territory in that region, the new order of things is to prevail. A super-progressive Turkey is in the field, and even if riding to a fall, it is riding high.

SHANGHAI'S ROBBERS.

VARIOUS PROPOSALS SUGGESTED.

Shanghai, July 9.

Major Hilton Johnson, acting Commissioner of Police, held a conference yesterday with 50 delegates from the Shanghai Street Unions regarding the prevailing wave of armed robberies, and he advised them if they were really anxious to stop armed robberies to start a campaign for the reintroduction of flogging as a punishment for crimes of violence in the Settlement. The "cat" would be the greatest possible deterrent for this particular type of crime.

The delegates offered various suggestions, including the electric alarm system, increased police patrols, suppression of the arms traffic, more severe punishment, and the formation of a Chinese Special Constabulary.

Major Hilton Johnson promised to carefully consider the suggestions offered by the delegates. — *Daily Bulletin*.

DAY BY DAY.

IF THOU MARRY BEAUTY, THOU BINDEST THYSELF; ALL THY LIFE FOR THAT WHICH PERCHANCE, WILL NEITHER LAST NOR PLEASE THEE.—Sir Walter Raleigh.

Yesterday's health return shows one Chinese case each of enteric fever and puerperal fever.

A woman committed suicide yesterday by jumping overboard from the Shamshui launch, Kwong-shun.

The silk forwarded from here by the Empress of Australia on the 13th June arrived in New York on the 7th July, having been 24 days in transit.

A Hakkow telegram to the *Daily Bulletin* says the Indo-China Steam Navigation Company's steamer, Kiangwo has been refloated. The vessel is apparently undamaged.

Mr. Justice Gompertz's cook, who had been ill for ten days, died whilst on the Peak Tram this morning whilst on route to the Government Civil Hospital. The body was later taken to the Mortuary.

The benevolent societies in Canton are unable to assist the people on the West River rendered homeless by the floods, owing, it is said, to the calls made upon them by the Government for financial aid.

A large fragment of rock, dislodged by a blasting charge, struck and severely injured a female earth-coolie in the head at the back of the Victoria British School yesterday. The woman was removed to the Government Civil Hospital.

The Chinese Chamber of Commerce yesterday referred to the Tung Wah Hospital appeal for help to people of Wuchow rendered homeless by the floods. It was intimated that the Chamber would associate itself with the hospital in any relief measures undertaken.

Telegrams from Saigon and Shanghai were yesterday read at a meeting of the Chinese Chamber of Commerce regarding the suspension of payment by the Chinese Merchants' Bank. The former message suggested that the more substantial depositors should help to refloat the Bank by becoming shareholders.

We have received from the Hongkong Small Estate Investors' Share and Real Estate Company some copies of desk calendars which they have just issued. These handy little requisites will be supplied to clients or others who care to call or send to the Company's offices, second floor of the new A. P. C. Building.

GERMAN ACCEPTANCE.

A MATTER OF CO-OPERATION.

Paris, July 9.

The Ambassadors' Conference has addressed a Note to Germany noting with satisfaction the German acquiescence in the proposed general military inspection, and intimating that, providing Germany co-operates, the Control Commission will do its utmost to conclude the operations by September 30th, although a definite date of termination of its labours cannot at present be fixed.

The Note points out that the Allies still adhere to their claim for execution of the five other categories of operations, which the German reply does not mention and intimates that the Commission will require its final operations on July 20th, carrying out the same in the spirit already indicated. — *Reuter*.

BOXER INDEMNITY.

AMERICA'S SHARE.

Peking, July 9.

While the Cabinet, yesterday, were discussing the disposal of the remaining American portion of the Boxer Indemnity, a telegram was received from Wu Pei-fu urging that both British and American indemnities be used for railway construction.

The Cabinet resolved to refer the matter for consideration and report to the Ministry of Finance, Ministry of Communications, Ministry of Foreign Affairs and the Ministry of Education. — *Daily Bulletin*.

CINEMA NOTES.

"THE WALK-OFFS"

Hongkong is supposed to have its share of "lounge lizards," "poodlefakers" and other quaint tribes, but luckily it has few "walk-offs." A "walk-off" is the name for a penniless society hound who sponges on his friend for his upkeep, and, judging from the example portrayed in the Star Theatre's new feature film, he is a very unpleasant person indeed. This picture has been adapted from the famous Broadway stage success and has been aptly named "The Walk-Offs." The two people thus designated are a brother and sister, the brother fully deserving the epithet, having lived on his wife's money until she divorced him to "teach him a lesson" for ill-treating her. The sister, on the other hand, has courage and spirit aplenty, and it is her romance with a quiet, forceful young mine owner from Kentucky that forms the chief love interest of the picture. In addition to the extremely interesting story, the full dramatic and comedy strength of which is ingeniously hinted at in the scattered allusions above, "The Walk-Offs" is notable for the fashion displays, the dresses all being the latest word in charm and expense. May Allison plays the leading role and her performance is generally said to be the best of her career, alike for her personal charm and the freshness of her acting.

"HER REPUTATION."

A Southern beauty, a wedding day scandal, a Mississippi River flood and a great romance have been woven into one of the most unusual screen stories of the season in Thomas H. Ince's notable drama of the newspaper world, "Her Reputation," which comes to the Coronet Theatre this evening as the feature attraction for the next few days. The Southern beauty is played by charming little May McAvoy, who, besides further proving her ability as an actress, has the chance to display some very pretty Spanish costumes and to demonstrate her skill as a dancer. The Mississippi River flood is a remarkable spectacle, a whole village being swept away with its inhabitants. These scenes were taken by special arrangement with the authorities in charge of Laguna dam in Arizona, who agreed to open one of the gigantic flood gates and inundate surrounding country. Embracing the crowded city, with its breathless rush and also the wide country spaces, "Her Reputation" is a picture with very general appeal; it is sure therefore to delight Hongkong cinema-goers.

"DADDIES."

"Daddies" is the story of five bachelors. No, there is no inconsistency here. You see the "daddies" were all bachelors to begin with, confirmed and forewarned champions of the state of single blessedness. They became daddies by adopting a bevy of war orphans. The process of making an "honorary" goodness dad out of a determined bachelor is exemplified in all its delicious humour in the screen version of David Belasco's great stage success "Daddies," at the World Theatre now.

"Daddies" is presented by a most capable cast including Mae Marsh, Harry Myers and other prominent screen celebrities. A particularly brilliant performance is given by Miss Marsh, whose very wistfulness just makes you love her. Every single member of the big cast seems to have been carefully selected for his or her particular role. Certainly Belasco's famous play has gained entertainment value in its transposition to the screen. It is certainly a "better picture" in every single sense.

HOME CRICKET.

SOUTH AFRICA v. WARWICKSHIRE.

London, July 9.

In the match between Warwickshire and the South Africans at Birmingham, the weather was glorious, but hot. The attendance was small. It was an excellent wicket.

The South Africans scored 317 (Commalie 44, Susskind 45, Nourse 49, and Taylor 94). Taylor's effort was a splendid one. He did not give a single chance, and hit ten fours, with fine play to leg and perfect driving.

Warwick replied with 43 for the loss of one wicket. — *Reuter*.

KOWLOON BAND CONCERT.

MONDAY EVENING'S TREAT.

It now only needs fine weather to ensure the success of the first of Kowloon's Band Nights, which is due to take place on Monday evening next, from 9 p.m. to 11 p.m.

By the kindness of Lieut.-Col. F. S. Montague-Bates, the Band of the 1st Battalion East Surrey Regiment will render public concerts in Kowloon every alternate Monday evening, a sub-committee of the Kowloon Residents' Association composed of Messrs. J. M. Alves, S. L. Hiden, A. V. Tette, J. E. Lammert and A. Morley having made themselves responsible for the arrangements.

The Kowloon Football Club has very willingly placed its playing field, on Chatham Road, at the disposal of the Committee and this will make an ideal spot for such a concert, being as it is almost on the waterfront and out of the line of interfering traffic. The China Light and Power Company only needed to be asked to undertake freely the work of providing an illuminated bandstand for the band and work on this is already in hand. The Committee has also made arrangements for about 400 chairs to be provided, but a charge of 20 cents each will have to be made for the use of those to cover the cost of hiring. Programmes of the concert will be distributed free to all attending and in other ways most complete arrangements have been made to ensure the success and enjoyableness of the concert.

The Committee has to tender its thanks to the China Light and Power Company, the "Star" Ferry Company, Ltd., the Kai-Tack Motor Bus Company, the Kowloon Football Club and others for so willingly assisting in the making of the arrangements. It only remains now for Kowloon residents to turn up in big numbers on alternate Monday evenings.

MODERN GIRLS' ANKLES.

"It is enough to make me weep to see the bulging, swollen ankles, the misshapen calves and flattened toes of the high-heeled girl of to-day." Dr. Ethel Bentham, labour candidate for Islington, made this observation at a meeting at Highbury. "It is a, exception, she declared, to find an adult foot that is not more or less deformed." Unmistakable footgear accounts for one-third of the disabilities of women.

CHILDREN LOVE IT!

Liquid Milk Always a Problem

MILK is a sensitive product; perhaps the most sensitive of all. In its liquid state it is subject to contamination from the time of milking, and bacteria always propagate in liquid milk at an unbelievable rate when not kept under ideal conditions. During transportation, on the delivery route, at the doorstep, in the kitchen and even the ice-box, milk "ages" rapidly as the bacteria grow. To age is to lose freshness and to lose its health sustaining qualities.

Boiled milk is spoiled milk so far as taste is concerned. Yet many housewives boil it to kill bacteria and make it safe.

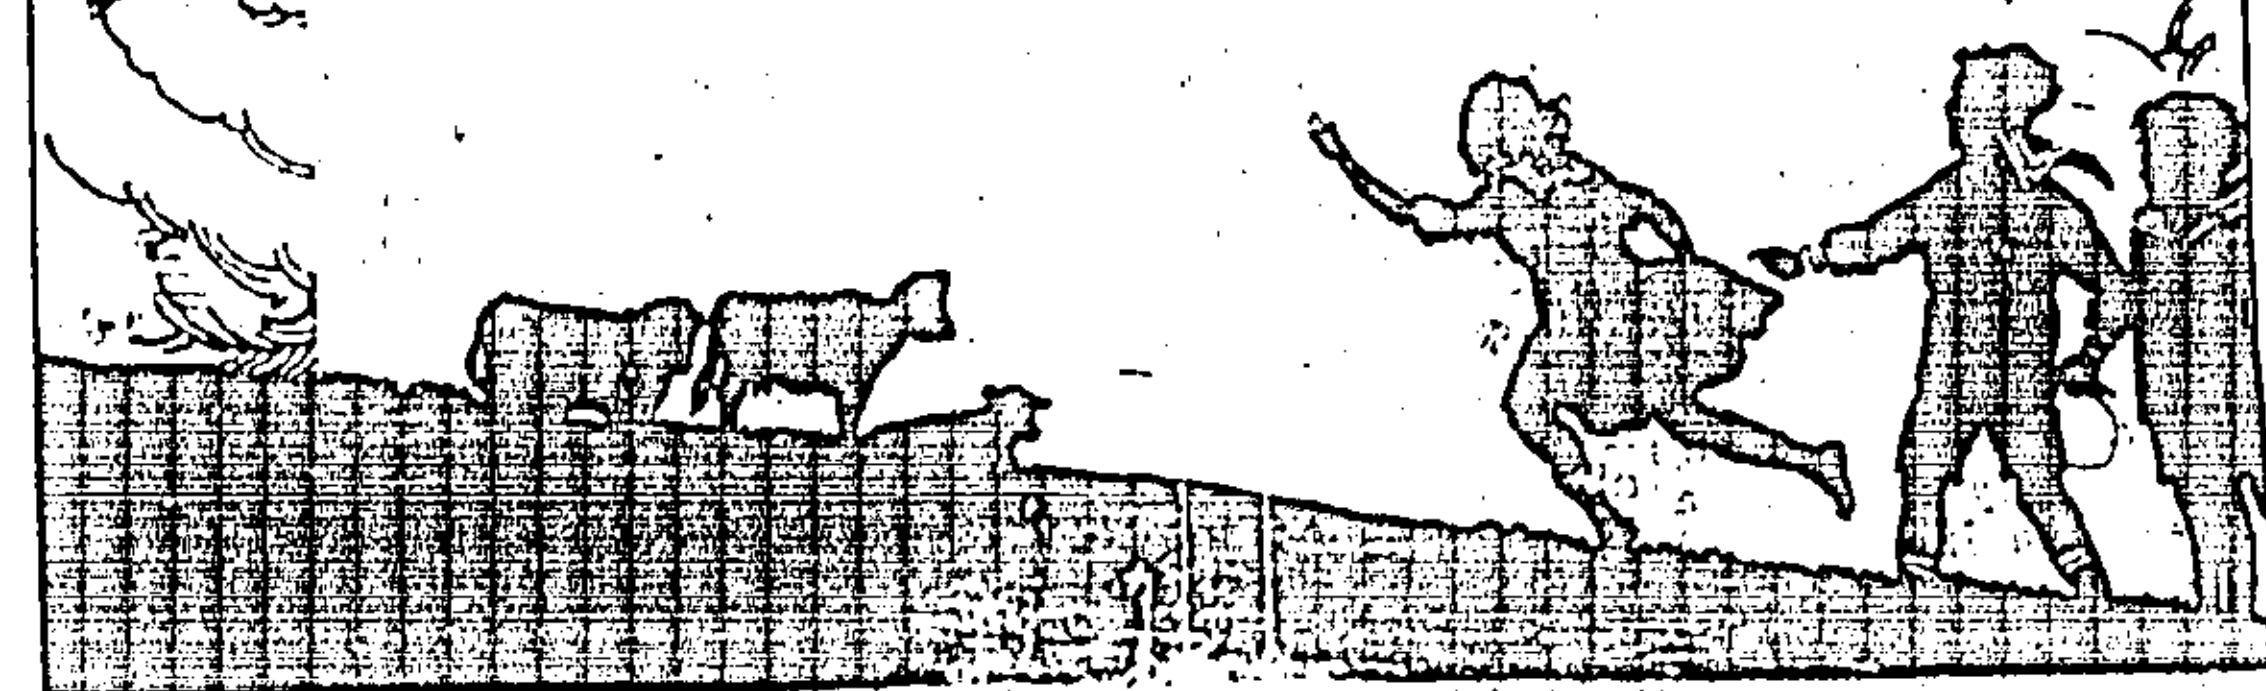

Milk is the drink of all, but is absolutely the mainstay for children. It is their natural food. But the choice between boiled milk with its freshness gone and unboiled milk with its potential danger is a hard one to make.

DO YOU FEEL PAIN

AFTER EATING?

—or do get just that dull, insistent, nauseating feeling of fullness after taking a meal? If you do suffer from these troubles, or such others as flushed face, flatulence, sickness, gastritis, etc., you should go straight to your chemist and get some Bismarck Magnesia. Take a little of the powder in a glass of water after each meal, and it will put your stomach right by neutralising the disturbing and even dangerous acids which cause the trouble; it invariably gives instant relief from the pain, and rarely fails to restore the stomach to harmony.

By taking Bismarck Magnesia, stomach sufferers adopt a course that has the unqualified endorsement of many of our leading hospitals and medical men. And even if Bismarck Magnesia did no more than enable the sufferer to enjoy once more the good things of life including real, hearty meals—it would easily be worth the small price which the chemist asks for it. You take no risk in buying Bismarck Magnesia, as doctors the world over prescribe and praise this remedy. Be sure you get the genuine stomach cure: See the famous "BISMARCK" oval on the package when you buy.

BOVO-LACTIN

The Key of Life
in the treatment of gastric and
intestinal disorders.

THE chief aim in the treatment of these conditions
is to throw as little strain as possible on the
digestive organs and at the same time maintain the
patient's strength and increase the powers of resistance.
On account of its concentration, high protein content,
and ease of assimilation INVALID BOVO-LACTIN
meets these indications admirably.
In cases of obstinate vomiting it is retained when all
else fails.

In the prostration during and following attacks of
diarrhoea it acts like a charm.
It is invaluable in the treatment of cases of gastritis
and enteritis due to the ingestion of unsuitable foods.

Other BOVO-LACTIN Preparations:

BOVO-LACTIN ESSENCE. A concentrated protein prepara-
tion with a high vitamin content.
May be taken in hot water or

THE SALT GABELLE.

DR. SUN'S INTERFERENCE.

Peking, July 9.—The British,
Japanese and French Legations
have sent in another formal pro-
test to the Waichakou regarding
Sun Yat-sen's recent establish-
ment in Canton of a salt adminis-
tration. The respective consuls
in Canton have been instructed to
do likewise. Hitherto the salt
gabelle administrators in Kwang-
tung, Yunnan and Szechuan have
collected the revenues, which for
some years have been appropriated
locally, but Sun Yat-sen has now
turned out the salt gabelle staff.

PHILIPPINES SCOUTS
TROUBLE.

GREAT UNEASINESS.

Manila, July 9.—San Roque,
adjoining Cavite, has been
quarantined, for the purpose of
avoiding clashes between six
hundred striking Filipino employes
of the Navy Yard and American
sailors. Major General C. W.
Read, commanding in the
Philippines, came to Manila this
morning from Dagupan and reported
another Scout regiment disaffected.

Later.—A plot to blow up the
magazine at the Cavite Navy Yard
was discovered this morning.
Filipino strikers are implicated.
The situation is increasingly
serious. —Reuter.

DRAKE'S BOWLS.

Authenticity of Set at Torquay.

Some discussion has arisen as
to the authenticity of the set of
bowls which is being used at
Torquay in the Torbay Pageant.

It is claimed that these were
the identical bowls with which
Sir Francis Drake was playing on
Plymouth Hoe when the Spanish
Armada was seen beating up the
English Channel.

While the evidence as to the
origin of the bowls, which are
among the treasures in the local
museum, is not as convincing as
it might be the faith of the people
of Torquay is by no means with-
out warrant.

The bowls form part of a won-
derful collection of curios gathered
by the late Dr. Paget Blake, naval
officer and antiquary, who be-
queathed his collection to the
town. They were in the posses-
sion of the Blake family for a
hundred years.

Dr. Paget Blake was a collector
and connoisseur of scrupulous
honesty and integrity, and would
have scorned to make a claim for
any of his possessions which could
not be substantiated.

LEAGUE TENNIS.

DIVISION I.

Kowloon C.C. v. Hongkong C.C.

Kowloon Cricket Club will have
something to say in the destina-
tion of the championship trophy
of the first division this year.
Yesterday, they entertained the
Hongkong Cricket Club and won
fairly easily, thus bringing up
their number of victories to four.
They have to play one more match,
against the Indian Recreation
Club, last year's champions. Kow-
loon Cricket Club is the only team
in the first division which has not
suffered defeat, and if they win
against the Indians they will be
entitled to the trophy for the
year. On the other hand if the
Sookunpoq Club is successful, it
will mean a triangular tourna-
ment between the Kowloon C.C.,

the United Services R.C. and the

Indian R.C.

Kowloon won yesterday by 59
points to 40, the scores being: S. E. Green and E. Abraham beat Halford and Gandy 10-1, (Kowloon C.C.) lost to J. D. Humphreys and G. W. Sewell 4-7, lost to J. Henderson and A. Brearley 5-6, beat M. M. Maas and A. B. Raworth 7-4.

GOLD FOUND ON RUBBISH HEAP
Removing rubbish from a heap in the village of Mumby, Lincolnshire, George Wright, a labourer, uncovered a rusty coffin. He took off the lid and found inside 82 sovereigns and six half-sovereigns in gold. The coins date from 1871 to 1912. Wright handed them over to the police.

NEW FERRY BOAT.

**FOR HONGKONG YAMATI
SERVICE.**

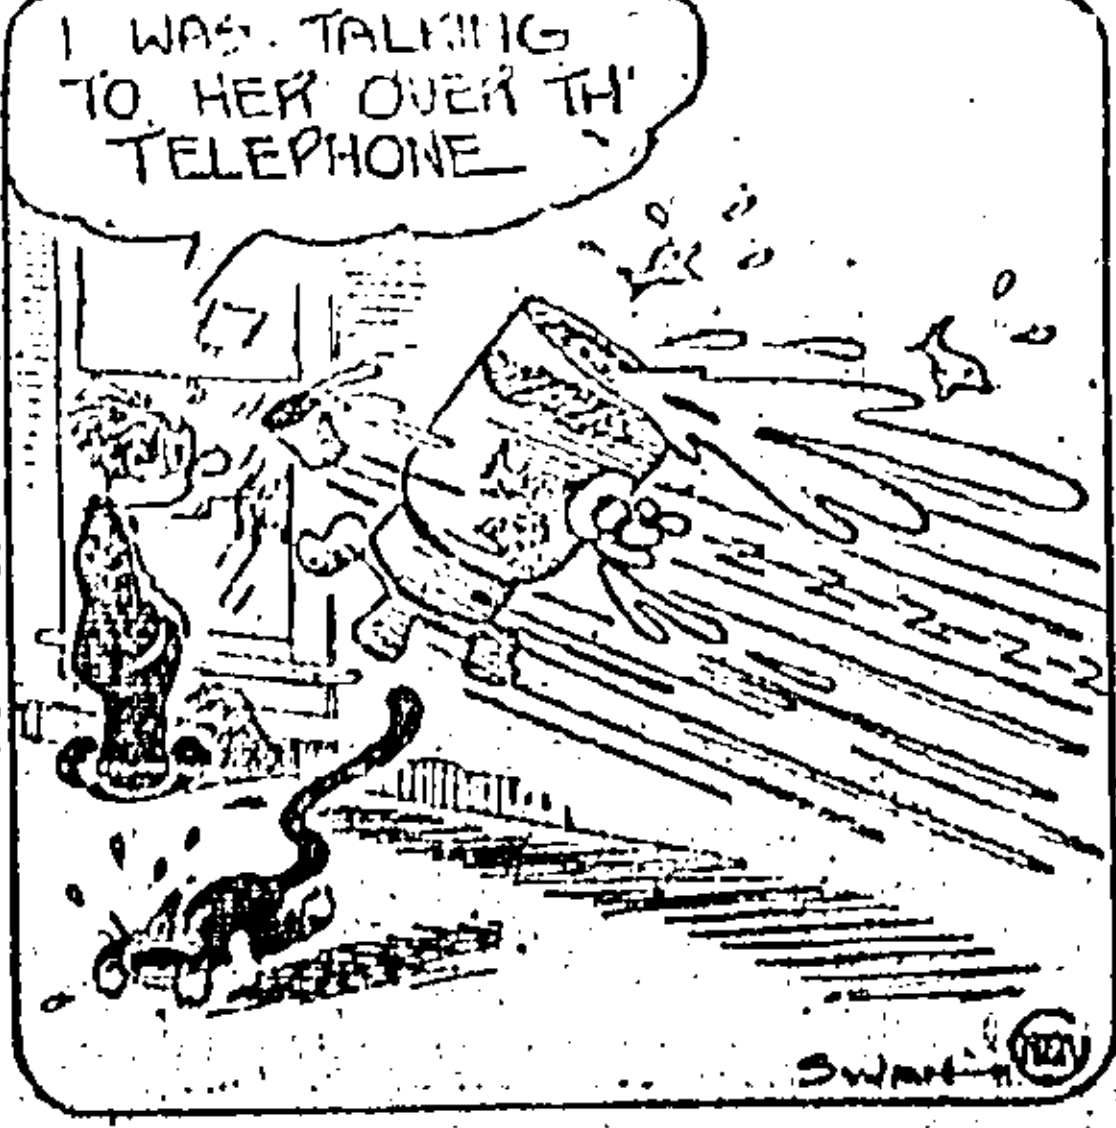

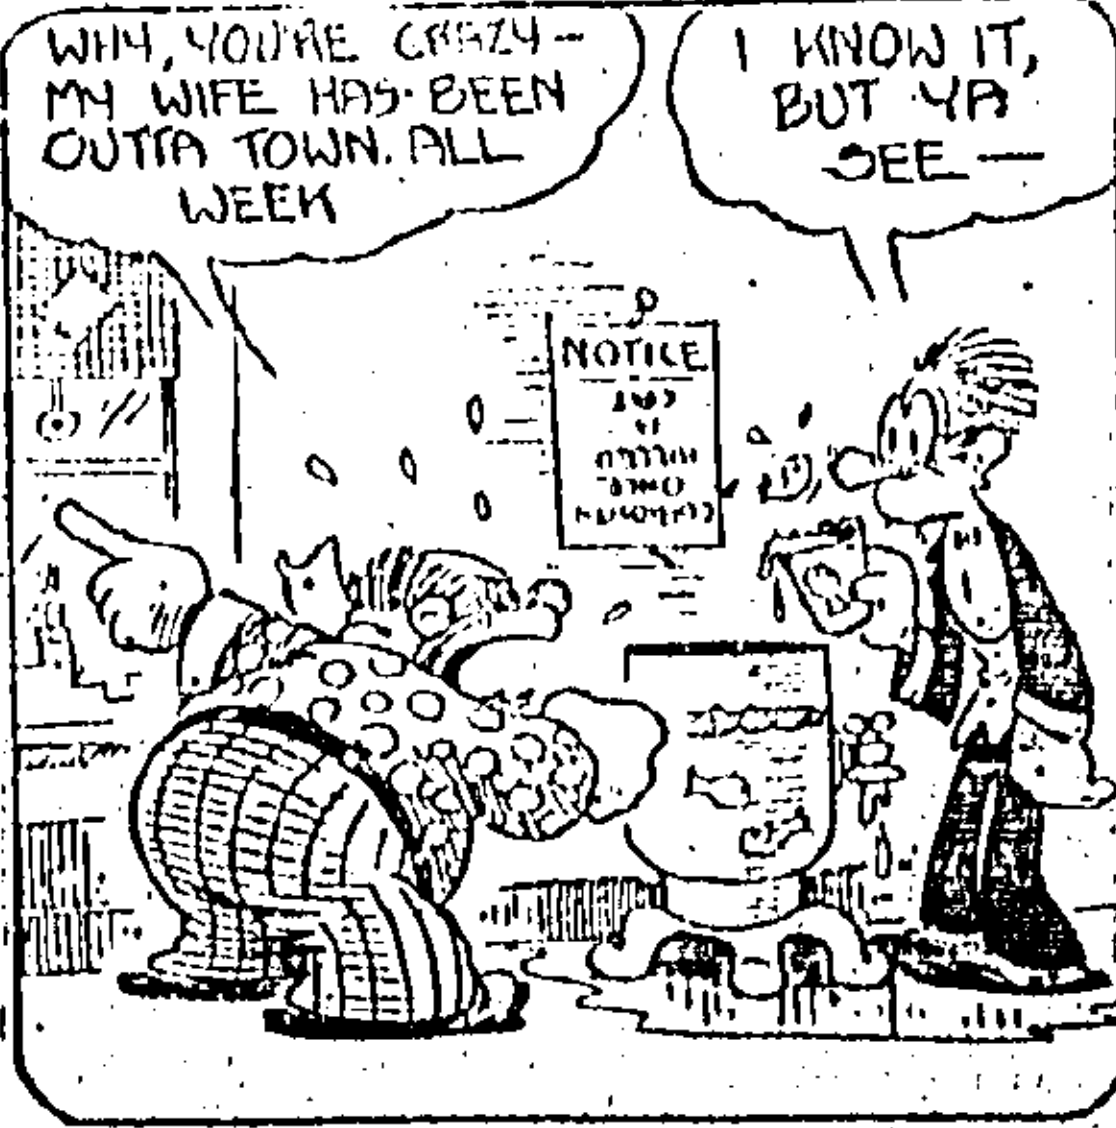

There was launched at the ship-
yard of the Kwong Tuck Cheong
Company at To Kwa Wan yesterday
the ferry Man Ying, built to the
order of the Hongkong-Yamati
Ferry Company. The event was
without ceremony, and only a
few were present.

The Man Ying is bigger than the
vessels at present on the run. She is
110 feet long and 21 feet in breadth.
She will be an appreciable addition
to the fleet, and is to be followed
by four other vessels, all double
enders, like the Star Ferries. For
the first of these, we understand,
orders have been booked by the
Hongkong and Whampoa Dock
Company.
